Modern Life in Atheus. The following extracts from a private letter recently received by a Providence gentleman from an American student in Athens, Greece, will prove of general interest: "I live in a Greek family," he writes, "where we speak only Greek. The bouse is on Follow street, with See. The house is on Eolus street, with Socrates, Euripides and Hermis streets not rates, Euripides and Hermis streets not far off; so that you can easily imagine the hallowed associations that are daily N. Y. Journal. am all right new; I shall easily find my way to Jadrino." He entered the forest of which the branches were so thickly interlaced through them, and the road was easy to follow. The horse pricked up his ears and went on readily, white visit of the pricked purished and the road was easy to follow. The horse pricked up his ears and went on readily, white Viadimir felt his spirity revive.

However, as they say in the fairy that the proving them, and the variety of the fairy thales, he want on and on, and yet could not find Jadrino. His poor, tired steed with the utmost difficulty dragged nim to her, and now prayed her to listen to the other side of the forest; said, by the time he arrived there, the storm had ceased, and the moon shone out a seed, and the moon shone out. No appearance, however, of Jadrino be fore him lay extended a large plain, to wards the center of which the poor traveler descried a cluster of four or fire houses. He hastened towards the nearest, and, descending from the nearest and, descending from the nearest and descending from the nearest are delited to the first suggested. Our maid-dall-work is suggested. Our the hallowed associations that are daily suggested. Our 'maid-of-all-work' is named Athona. There are twenty-eight ers-for many of the law students will ers—for many of the law students will never practice that profession. There are handreds of wine shops well filled. Post. The streets are full of bustling men, but they are bound for nowhere. At the Pirms (the Harbor City) there are 25,-000 people engaged in active industry. Beside the foreign shipping there is a considerable consting trade in farm produce. The people here are very proud, but the glory of a send past is only a bond of unity and patriotism, not a support of individual life. There are no parties on public questions, only cliques supporting certain leaders with their politics, which may or may not be different .- Providence (R. I.) Star.

An Arkansas Stemach.

Another dignified Senator has been taught the mysteries of the estensible lined with lamb's weed. - N. Y. Mail. Another dignified Senator has been caramel which one of the boys of his hotel had invented for the purpose of making miserable the lives of other children. The Senator owed Garland one, and saw his opportunity. He procured some of the alleged sweets and mercial Bulletin. placed them carelessly on his desk. The game succeeded. Garland spied the deceptive chocolates, and carelessly sauntered by, picked up one of them and said: "What are these, Senator?" "They are caramels. Take one."
"Thank you, I will," and be took one. Now the caramel was filled with soap, and the jokers expected to see Garland spit out the nauscous stuff. That was where the laugh was to come in. But Garland disappointed them. He ate up the whole thing, sosp and all, and never made a sign. The perpetrator became frightened and ran out into the became frightened and ran out into the cloak-room, exclaiming, "Good Lord, I'm afraid the man's poisened." "Oh, you needn't be alarmed, said Butler, of South Carolina. "Garland's got an Arkansas stomach." To this day no one knows whether Garland tasted the scap or not .- Washington Capital,
